EXT. WAYNE MANOR- NIGHT

BRUCE WAYNE is returning home after a long day on his private yacht when he crests a hill and sees Wayne Manor in chaos. An absolute rager is storming inside with partiers swinging from chandeliers, jumping through windows and frolicking through his grounds. The bat signal is strobing on the roof. Bruce mutters the word "ROBIN" under his breath and advances intently on the Manor.

INT. WAYNE MANOR- NIGHT

The scene inside the manor is even worse than that of the grounds. BEAST BOY is passed out in a corner in the form of a sloth, CYBORG benchpresses Bruce's antique drinks closet and Robin makes a fool of himself in attempting to flirt with an uninterested STARFIRE.

BRUCE WAYNE  
(Menacingly)

What is going on Robin?

ROBIN  
(Terrified)

Nothing BATMAN... I mean Mr. Wayne

A group of teenagers, out of their minds on scarecrow's gas run through the parlor screaming about an evil fish. AQUA MAN runs after them trying to convince them that he's a cool superhero.

BRUCE WAYNE  
It doesn't look like nothing...

ROBIN  
(Nervously)

Well you were out on the boat and left me the batmobile so I figured you'd be out for a while...and I was feeling lonely since my parents are dead... and Starfire insisted on hanging out with me so... I invited one or two friends over.

BRUCE WAYNE  
One or two? Where is ALFRED how could he have let his happen?

Alfred slides down the balustrade clutching a pint glass and singing an old, english drinking song.

ALFRED

Ah, master Bruce (hiccup)... some men  
just want to watch the world... spin.

Alfred looks appealingly at Bruce as if this is sufficient explanation and passes out.

BRUCE WAYNE

I don't have time for this, I have an  
important date tonight that I can't  
miss.

ALFRED

(Reawakens and smugly, with a wide  
grin says) Is it Rachel?

Alfred passes back out. Bruce looks sad. In the distance we  
hear (RACHELLLLLLL!).

BRUCE WAYNE

I have to go now, give me the keys for  
the Batmobile Robin and we'll discuss  
your punishment when I get back.

ROBIN

(Melting with fear)

Oh of course...

Robin feels around his costume for pockets but it has none...

ROBIN

(under his breath) Stupid leotard.

BRUCE WAYNE

What was that?

ROBIN

I've misplaced them.

BRUCE WAYNE

My god Robin, I have a gorgeous date  
tonight, I think this may be the one  
that can finally help me recover from  
the passing of... of you know who.

RACHELLLLLLLL!! Is heard in the distance.

ROBIN

Ok don't worry Mr. Batman. I'm the boy wonder, you're the world's greatest detective and we have billions of dollars worth of equipment I'm sure we can figure out something.

SMASH CUT TO

EXT. WAYNE MANOR- NIGHT

Bruce's Iphone fills the screen as he orders an Uber.

BRUCE WAYNE

(darkly)

x6 surge pricing, that is *Criminal*.  
It's coming out of your utility belt money Robbin.

Bruce gets in his uber heading for manhattan leaving Robbin languishing in a pool of his own tears. He gets a call from an unknown number and answers.

THE JOKER

(Maniacally)

So bats you thought you though you could outsmart me... I have all that you hold dear, I expect to see you shortly.

BRUCE WAYNE

Oh hey Babe, sorry I'm late, I lost my keys. Be at the restaurant in 20.
